BRIDES IN LOVE

She Once Had

Now Has Slender Hips, Thighs, Knees, Calves and Ankles!

"I have been taking your course...and think it's the most wonderful thing in the line of reducing legs"

— writes Mrs. J. C. O., Lewiston, Idaho.

The most encouraging news for women with fat, flabby legs has just been revealed by Henry Milchman, Ph.D. If your heavy legs are due to normal causes and you haven't any disease or pathological condition, you should try to attain the slender, alluring legs you've always wanted. This well-known physiotherapist, who was President of the Metropolitan School of Physiotherapy, has an enviable record of helping lovely stage and screen actresses as well as women like yourself to mold beautiful legs. Over a period of over 30 years, he has used an amazingly natural method which is unsurpassed by anything we have ever seen.

ORDINARY METHODS FOUND TO HELP LITTLE IN SLENDERIZING HEAVY LEGS

Many women engaged in improper strenuous exercises and calisthenics used up a lot of time and energy but it did next to nothing for concentrating on trimming down heavy legs.

Other women actually tried reducing diets alone to slenderize heavy legs. Since a weight reducing diet cannot be made to take weight off any single part of your body, you may lose weight everywhere but in your legs. And if your legs lost a little weight, no drug or diet can assimilate and firm the entire contour, which would remain flabby. This method does concentrate on slenderizing each section of your leg from the hips to the ankles.

IN MANY CASES DOCTORS ADVISE USE OF THIS TECHNIQUE

This progressive scientific method for slenderizing heavy legs is based on the knowledge and experience of the medical profession, physiotherapists and famous body contour experts throughout the world.

Your heavy flabby legs are usually caused by fatty layers and too much muscle tissue which stretch the muscles of your legs and raise them to bulge.

To help correct this condition properly, you should try this scientific system planned to concentrate on each section of your legs, help break down fatty layers and extra bulging muscle tissue and help strengthen and normalize the muscle tone which makes the contour of the legs more normal, firm, slender and attractive. When each section of the leg has its proper normal shape, the bulging hips possess streamlined, youthful lines which men admire, the flabby thighs are trimmed down into an attractive contour, ugly knees are daintily shaped without puffed-up pouches of flesh, the heavy calves take on more slenderized, alluring curves and even the heavy ankles show sleek, graceful lines.

BEFORE

Mrs. J. C. O. had heavy, flabby legs, was self-conscious because her legs spoiled her entire figure.

←
AFTER

Firmer, slender legs are acquired by following this method, you will wear all clothes and bathing suits with confidence.

"ALL AROUND GLAMOUR LEGS" HELP WOMEN IN EVERYTHING THEY DO

Most figure experts agree that heavy legs spoil an otherwise shapely figure... while surely slenderized limbs add an appearance of over-all beauty to even the heavy and average figure. Because the legs are the one part of the body which always shows, glamorous legs help you look better in any clothes you wear — dresses, skirts, sport and play clothes, bathing suits, etc. They make you a more desirable dance partner and help you do the latest step more gracefully. Well-formed, firm legs help you in all sports; then enable you to swim, skate, bowl, play tennis, etc., with more ease and better form. They help you walk and stand with ease, with the posture which always wins admiration. Removing excess flabbiness and strengthening your legs will give you more energy for work or play, help lessen fatigue, especially when your job or housework keeps you on your feet.

TESTED AND PROVEN METHOD REQUIRES ONLY 15 PLEASANT MINUTES A DAY!

This amazing method has been used by beautiful stage and screen stars, professional models and women in every walk of life. Thousands have gladly paid high fees for personal instruction here in New York City. Now the lemon export makes it possible for any woman to try his method, requiring only 15 minutes a day, right in the comfort and privacy of her own home at a tiny fraction of the cost.

You get the complete, easy, step-by-step illustrated SCIENTIFIC LEG SLENDERIZING TECHNIQUE with simple instructions for fat, flabby hips, thighs, knees, calves, ankles, gaining firm, stronger legs, improving skin tone and circulation in legs; normal curves of heavy legs; plus measurement chart for each section of leg according to height and weight; also, how leg slenderizing may improve general health. Mail coupon TODAY!

WRITTEN ABOUT IN LEADING HEALTH MAGAZINE

HEALTH CULTURE asked this authority on legs to write a series of articles on the fundamentals of this method. This magazine rightly believed that their readers should know about this wonderful technique. Many other leading magazine and newspapers have written about the priceless advantages of correct leg contour and strength.

SEE NOW THIS TECHNIQUE HELPED JUST A FEW OF THE MANY OTHERS.

"Never before have I been able to wear shorts and play sail. Now I get many compliments thanks to your course. This is what your course did for my stout legs."
—Miss S. McEl, Clapton, Ky.

"I thought your course was just wonderful! It is really the best for acquiring more slender, graceful legs. I made a great deal of progress with your course, and would recommend it to anyone who wants lovelier legs."
—Miss A. C., DuPont, Ohio
